Annual
Report

At Alight, we believe
women deserve care,
hope, and support; that
every life is created in the
image of God and has
immeasurable worth .

Dear Friends of Alight,

Because of your faithful generosity, God worked powerfully through Alight in 2025.

Women facing unexpected pregnancies found us online and walked through our doors afraid and uncertain. Many felt overwhelmed, pressured, or alone. Because you chose to stand for life, they encountered the love of Christ at a moment when they needed it most. They received accurate information and compassionate support. They saw their babies on the ultrasound screen. They were offered practical resources and ongoing support. Most importantly, they were reminded that they are not alone, that their lives, and the lives they carry, have immeasurable value.

Scripture reminds us, “Open your mouth for the speechless, in the cause of all who are appointed to die.” (Proverbs 31:8). This calling is not abstract. It is lived out every day in our consultation room, Kristen Bernockie’s medical office, our onsite and virtual classrooms, and in quiet conversations filled with prayer and truth. Every appointment, every conversation, and every heartbeat seen on the screen is a reflection of that command being faithfully carried out through you.

This year, we witnessed courage. We saw mothers choose life. We watched fathers step forward. We walked alongside families as they grew in confidence and stability. None of it would be possible without partners who believe that every life is fearfully and wonderfully made.

We are continually humbled by how the Lord uses this ministry, and how He uses faithful supporters like you to protect life, strengthen families, and shine the light of Christ in our community.

As you read this report, we pray you see not just numbers, but lives transformed and futures redeemed.

In His Service,

Executive Director

Our Vision

Our vision is to see people recognize their intrinsic value so they may embrace the lives of their children..

Our Mission

Our mission is to empower as many individuals as possible in Columbia, Greene, and the surrounding counties to make healthy life choices related to their sexuality and child-bearing, consistent with a culture of life. We do this by providing consultations, medical referrals, and support services for pregnancy, pregnancy loss, post abortion, and community education programs.

“It was like going to my comfort zone - was going there. I know it sounds weird that “being at Alight” can do that to you, but it did to me.”

A Story of Hope: Gina's Journey

When Gina first walked into Alight, she felt overwhelmed, yet certain of what her next step needed to be.

We met Gina* through our online chat. She was searching for pregnancy confirmation and abortion pill information when she found us.

We were able to schedule an appointment for her to take a self-pregnancy test right away. As the advocate talked with her, Gina revealed that she was terrified and believed she was not ready to have a baby. She was certain her only option was the abortion pill.

After a positive pregnancy test result, an appointment was scheduled at Kristen Bernockie's medical office for the following day. Gina would receive a no-cost ultrasound to confirm the location of the baby, learn how far along she was, and to see the baby's heartbeat. Before her ultrasound, Gina's advocate was able to gain some additional insight into her situation. More than anything, she was nervous about telling her family, believing they wouldn't support her if they learned she was pregnant.

In the ultrasound room, Gina began to cry with relief when she realized that HER baby was healthy and developing well. After seeing her baby, her entire mindset shifted. She was now determined to carry her child.

The following week, Gina returned with a member of her family for a follow-up ultrasound scan, and the presence of that relative reflected the growing support surrounding her. We were able to help set her up with prenatal care and are excited to hear about her baby's birth.

Gina is due the summer of 2026.

**Name changed for client confidentiality*

At Alight, we believe strong families are built when fathers are equipped and encouraged to lead with responsibility, confidence, and love.

While much of our work centers on supporting women facing unexpected pregnancies, we are equally committed to walking alongside men. Through our parenting and co-parenting classes, fathers learn practical skills, healthy communication, and the importance of their role in their child's life.

Some men come to us through court-mandated programs, seeking to fulfill a requirement. Others are new dads who simply want to grow into the kind of father and partner their family needs. Regardless of how they arrive, each man is treated with dignity and given the opportunity to develop the tools necessary to build stability and strength within his family.

We have seen fathers grow in patience, take ownership of their responsibilities, and rebuild trust. When fathers are present and engaged, mothers feel supported, children thrive, and families become more resilient.

By investing in men, we are not only strengthening individual families, we are shaping the next generation.

Dorian began meeting with one of our male mentors virtually during the summer of 2025.

Still in high school, Dorian has embraced being a father and is excelling. He won the Merit Award and is running cross country.

He is determined to finish school and walk across the stage to accept his diploma with his son!

(Stock Photo) We hope to share a photo of Dorian graduating this summer!

Alight Mentors met with seven different fathers wanting to be good dads to their children in 2025! They were able to do this both at Alight and through virtual classrooms.

Medical Office *Overview*

A NEW BEGINNING WITH A NEW PROVIDER

In 2024, after Dr. Maben retired as the onsite Medical Provider at Alight, the road to find a new provider came with many challenges. Thankfully, God had a plan and we were excited to connect and partner with Kristen Bernockie. Her office at Alight opened in October 2025 and is now offering free pregnancy testing and limited obstetric ultrasounds to Alight clients.

MEET KRISTEN BERNOCKIE, FNP-C

Kristen Bernockie is a Family Nurse Practitioner, who provides comprehensive, relationship-based care that meets both immediate needs and long-term goals. Her expertise spans preventive care, chronic condition management, women's health, acute issues, and integrative wellness support. Her goal is to offer care that is not only effective, but deeply attuned to your lived experience.

Kristen shares a deep passion for Alight's mission and boldly stands for life. In a world where taking a pro-life stance isn't always popular, she proudly displays her name on our sign. This is a true reflection of her courage and conviction.

Our Programs

COUNSELING & EMOTIONAL SUPPORT

We walk alongside women during emotionally complex seasons with compassion and understanding.

Services Include:

Your
generosity
changes
lives!

Because of your generosity, compassion, and unwavering support, Alight continues to be a place of hope, healing, and life-affirming care for women and families in our community. Every appointment, every ultrasound, every conversation, and every moment of support is made possible by **you**.

2026 *Direction*

**Building on Momentum.
Expanding Our Reach.
Strengthening Our Impact.**

We are committed to deepening and expanding the work God has entrusted to us.
In 2026, our focus is clear:

1. Expand Access & Reach More Communities

We will broaden access to our services and strengthen engagement with our communities, ensuring that every woman, regardless of age or background, knows where to turn for compassionate, life-affirming support.

2. Grow and Enhance Our Programs

Client needs continue to evolve. We will expand and strengthen our programs to provide relevant education, practical resources, and long-term support that empowers families to thrive.

3. Lead in Advocacy & Public Awareness

Working with community leaders and policymakers will raise awareness about life-affirming options and value of every human life, serving as a trusted voice for compassionate care and practical solutions.

4. Invest in Staff Leadership & Development

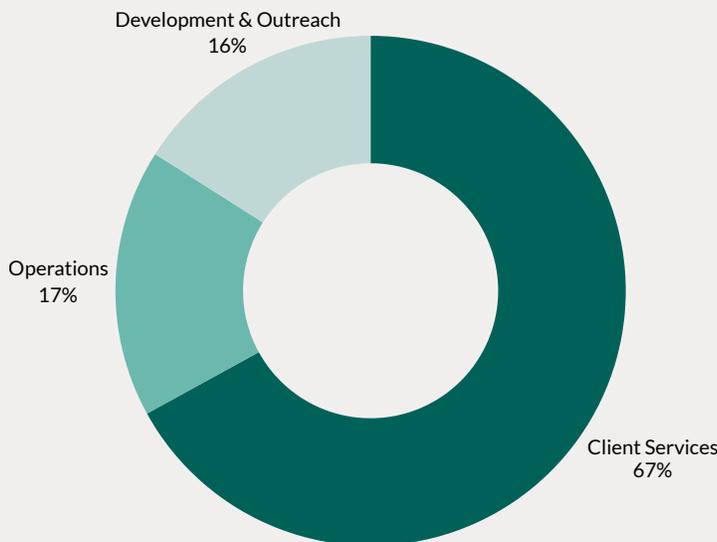

Our team is at the heart of this mission. In 2026 we will prioritize professional development, leadership growth, and spiritual encouragement so that our staff can serve with excellence, integrity, and compassion.
